

## **Atkins Orange Cutting Team**

Location: The Atkins Group: 2805 S. Boulder, Urbana

Job time: 3:00 p.m.

Friday, April 27

### **Process**

The team from The Atkins Group will have picked up all 1,200 oranges before you get there.

The plan is to cut all the oranges, put the slices into coolers that The Atkins Group has. Here are the main responsibilities:

- We will cut oranges at The Atkins Group office. Atkins will provide non-latex gloves and sharpened knives.
- The Atkins Group stores the coolers of sliced oranges overnight.
- If forecast deems necessary, ice will be placed at bottom of cooler (before orange slices are placed into coolers)
- Plan A: We will cut the oranges outside in front of the parking lot on moveable tables.
- Plan B: we will cut oranges at Suite B of the Pines (vacant space between Subway and AT&T) if rain/weather is not cooperative.
- Atkins will bring the coolers to the Mile 6 Orange station on race morning.
