OVERVIEW | PROOF OF VACCINATION OR TEST RESULTS

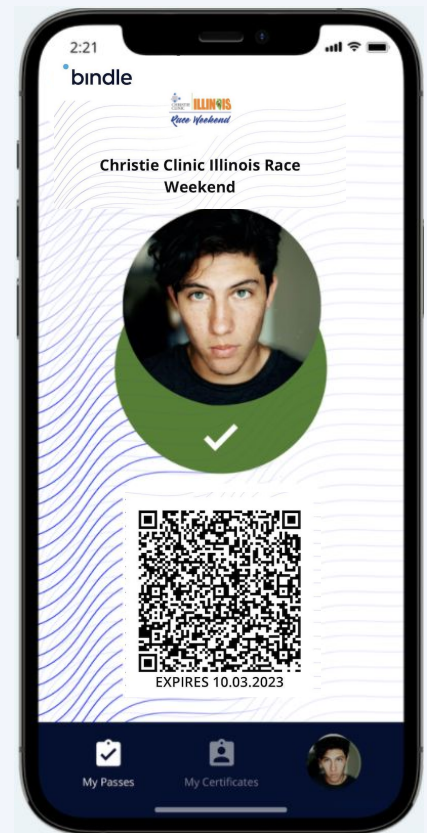

To ensure the health and safety of our attendees and staff, we are requiring proof of vaccination OR a negative COVID-19 PCR test result on a sample collected no earlier than April 27, 2022

We have partnered with Bindle to validate your health credentials. Bindle's proof-of-health app was built to keep your sensitive medical records confidential. We will not have access to your personal health information and neither will Bindle; we will only view your verified "pass" when you meet our policy requirements.
